

**Homer's Joint Hemp Topical Spray** is a unique, superior quality veterinarian developed organic based relief spray. It is designed to help alleviate your pet's acute or chronic muscle discomfort, and joint aches. It is perfect for dogs, cats, rabbits, ferrets, horses, other animals, and people. The spray contains a special blend of essential oils infused with enriched Hemp. These react with the receptors in the body and tissues of the animal, without undesirable psychotropic side effects.

**DIRECTIONS:** Shake well before each use. Spray on topically from head to tail and gently massaging deep into coat and skin.

Safe and non-toxic. Avoid eye contact. External use only. If irritation develops discontinue use. Results may vary from pet to pet.

**MADE IN U.S.A.**
